DEPARTMENT OF HIGHWAYS

NOTICE TO CONTRACTORS

Kaslo-Slocan Electoral District

Bituminous Surfacing, 1964/65

Project No. S-4564—Vernon—Slocan Highway, Nakusp—Bonanza Creek Section, Station 0+00 to Station 633+75 (12 Miles).

SEALED TENDERS, marked "Tender for Bituminous Surfacing, 1964/65—Project No. S-4564," will be received by the Minister of Highways in his office at the Parliament Buildings, Victoria, B.C., up to 2 p.m. (Pacific Daylight Saving time) on Wednesday, the 19th day of May, 1965, and opened in public at that time and date.

Plans, specifications, and conditions of tender may be obtained from the Department of Highways, 207 West Hastings Street, Vancouver 3, B.C., or from the undersigned, for the sum of ten dollars (\$10), which is not refundable.

Each tender must be accompanied by a certified cheque or a bid bond in an amount equal to five per cent (5%) of the tender price. This cheque or bond shall be forfeited if the tenderer declines to enter into contract. If a bid bond is used, a performance bond in the amount of one hundred per cent (100%) of the tendered sum, in a form acceptable to the Minister of Finance, must then be provided by the successful bidder prior to the award of the contract. If a deposit cheque is used, it shall be retained and forfeited if the contractor fails to carry out the work contracted.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

Tenderers are advised that all bidders will be required to satisfy the Minister of Highways, in writing, that they have the necessary qualifications to successfully perform the work. It is preferred that tenderers submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal which is immediately available for the carrying-out of the work within the time-limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date.

No tender will be accepted or considered which contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

It is preferred that tenderers submit with their tenders a schedule of proposed construction operations showing estimated monthly progress for each phase of the construction work.

H. T. MIARD,
Deputy Minister.

LEGISLATIVE ASSEMBLY

PRIVATE BILLS

Excerpt from Standing Orders Relating to Private Bills

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

(a) A printed copy of such Bill:

(b) A copy of the petition to be presented to the House:

(c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the

Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5, 1949.

E. K. DeBECK,
Clerk, Legislative Assembly.

APPLICATION FOR PERMIT UNDER
POLLUTION-CONTROL ACT

Trojan Steel and Wire Limited, of 1945 McLean Drive, Vancouver 12, B.C. hereby applies to the Secretary, Pollution-control Board, for a permit to discharge pickling acid waste and septic-tank effluent into the North Arm of Fraser River, which flows west and discharges into Strait of Georgia, and gives notice of its application to all persons affected.

The point of discharge shall be located at Tree Island, approximately 700 feet west of Richmond-New Westminster boundary on south bank of river. The land upon which the effluent originates is Block C, District Lot 6883, Group 1, New Westminster District.

The quantity of effluent to be discharged is as follows: Maximum hourly rate, 0.27 cubic feet per second, 105 imperial gallons per minute; maximum 12-hour discharge, 14,000 imperial gallons; average 24-hour discharge, 25,600 imperial gallons.

The operating season during which the effluent will be discharged is continuous.

The characteristics of the effluent to be discharged are as follows: Suspended solids (p.p.m.), 180 average before treatment, 60 average and 100 maximum after treatment; total solids (p.p.m.), 1,790 average before treatment, 1,590 average and 7,000 maximum after treatment; biochemical oxygen demand (p.p.m.), 190 average before treatment, 170 average and 230 maximum after treatment; pH, 2.0 average before treatment, 7.1 average and 7.5 maximum after treatment; temperature (degrees Fahrenheit), 50 before treatment, 50 after treatment; coliform bacteria (average m.p.n. per 100 ml.), 3.1×10^6 average before treatment, 3.1×10^6 average and 24×10^6 maximum after treatment; toxic chemicals (CaCl_2), 1,480 p.p.m.

The type of treatment to be applied to the effluent before discharge is as follows: Acid wastes—neutralization with lime, any sludge formed to be disposed on land; sanitary wastes—removal of suspended solids in septic tank.

A copy of this application was posted at the proposed point of discharge on the 30th day of April, 1965. my6—2873

MUNICIPAL BY-LAWS

THE CORPORATION OF THE DISTRICT OF COQUITLAM

By-law No. 1265

A By-law to Expropriate Real Property for the Purpose of Establishing Highways

WHEREAS the Council of The Corporation of the District of Coquitlam may by by-law establish, widen, alter, relocate, or divert a highway or any portion of a highway:

And whereas the Council may by by-law enter upon, expropriate, break up, take or enter into possession of, and use any real or personal property in any way necessary or convenient for the said purpose without the consent of the owners of the real or personal property but subject to the restrictions contained in Division (4) of Part XII of the *Municipal Act*, being chapter 255 of the *Revised Statutes of British Columbia, 1960*, and amendments thereto:

Now, therefore, the Council of The Corporation of the District of Coquitlam enacts as follows:—

1. This by-law may be cited as "The Corporation of the District of Coquitlam Expropriation By-law No. 1265, A.D. 1965."

2. The Council of The Corporation of the District of Coquitlam is hereby authorized and empowered by its servants and agents to enter upon, expropriate, break up, take or enter into possession of, and use, without the consent of the owners of the real property but subject to the restrictions contained in Division (4) of Part XII of the *Municipal Act*, a highway through, under, and upon all and singular that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Coquitlam, and being a portion of Parcel Seventeen (17), (Reference Plan 21643) of Parcel B of Lot Forty-one (41), Group One (1), New Westminster District, and being more particularly described in Schedule A.

3. This by-law shall, before coming into effect, be published once in The British Columbia Gazette and in a newspaper published or circulated in the Municipality of Coquitlam, and a certified copy of the by-law shall be filed in the Land Registry Office in the City of New Westminster, in the Province of British Columbia.

Read a first time this 13th day of April, A.D. 1965.

Read a second time this 13th day of April, A.D. 1965.

LANDS, FORESTS, AND WATER RESOURCES

NOTICE

In the Matter of:

- (a) The Proposal Made by Canal Development Ltd. for a Pulpwood Harvesting Area to Include the Following Public Sustained-yield Units: Creston, Cranbrook, Fernie, Upper Kootenay, Windermere, Kinbasket.
- (b) The Counter-proposal by Kicking Horse Forest Products Limited for a Pulpwood Harvesting Area to Include the Following Public Sustained-yield Units: Canoe, Kinbasket, Windermere, Upper Kootenay.
- (c) The Counter-proposal by the Crow's Nest Pass Coal Company Limited for a Pulpwood Harvesting Area to Include the Following Public Sustained-yield Units: Fernie, Upper Kootenay, Cranbrook, Creston.

UNDER authority invested in me under section 17A of the *Forest Act* as Minister of Lands, Forests, and Water Resources, a public hearing was held on January 15, 1965, in the Legion Hall at Cranbrook, B.C.

At the hearing Canal Development Ltd. presented to me the following proposal:—

Subject to the granting of an option agreement to purchase pulpwood for a period of 21 years from a pulpwood harvesting area consisting of the Creston, Cranbrook, Fernie, Upper Kootenay, Windermere, and Kinbasket Public Sustained-yield Units, they undertake to

- (1) construct a sulphate pulp and paper products complex in the vicinity of Canal Flats with a capacity of 1,155 tons per day in three stages, as follows:—

(a) An initial stage of 385 tons per day, with construction to start in 1965 and to be completed by 1967;

(b) An intermediate stage to raise capacity to 770 tons per day, on which construction is to commence no later than five years after completion of the initial stage;

(c) A final stage to bring capacity to 1,155 tons per day, on which construction will commence within five years of the completion of the intermediate stage;

- (2) instigate the development of the pulp-chip and pulpwood supplies at the earliest practical date, commensurate with the programmed requirements of the mill;
- (3) promote and encourage the use by the pulp-mill of sawmill and logging residues, and standing timber which is unsuitable for sawmilling purposes, to the fullest extent consistent with economic feasibility;
- (4) post such bonds and other guarantees as you may require.

In support of this proposal, briefs were submitted by the following: (1) The Windermere District Chamber of Commerce; (2) The Cranbrook Chamber of Commerce; (3) Invermere Businessmen's Association; (4) The Corporation of the City of Kimberley; (5) Kimberley-Marysville District Chamber of Commerce; (6) Creston Board of Trade; (7) Cranbrook Junior Chamber of Commerce; (8) City of Cranbrook; (9) Simon Ronacher.

As stated earlier there were two counter-proposals, the first being presented to me by Kicking Horse Forest Products Limited, who submitted the following:—

Subject to the granting of an option agreement to purchase pulpwood from a pulpwood harvesting area consisting of the Canoe, Kinbasket, Windermere, and Upper Kootenay Public Sustained-yield Units,

- (1) produce and market the pulp production referred to in this application under circumstances designed to achieve the highest order of economic opportunity for the Province of British Columbia and the Company;
- (2) commence to harvest the flood-basin timber prior to the reservoir flooding, and utilize this material to the limit of economic feasibility;
- (3) build and place in production, as specified in the contract, a 600-ton-per-day bleached-kraft pulp-mill in a location adjacent to Mica Creek Dam Reservoir, for full production in 1970, provided that the schedule of construction, flooding of Mica Dam project is sufficiently advanced to ensure that the orderly harvesting programme we will have developed can be carried out.

In support of this proposal, briefs were submitted by the following: (1) Golden District Chamber of Commerce; (2) in addition to the above brief, 36 letters were received supporting this proposal.

The second counter-proposal was submitted by the Crow's Nest Pass Coal Company Limited, as follows:—

The Company proposes to install and operate a minimum 500-ton-per-day pulp-mill near Fernie, B.C., on the basis that the Fernie, Upper Kootenay, Cranbrook, and Creston Sustained-yield Units are designated a pulpwood harvesting area and an option to purchase the pulpwood from that area is granted to the Company. The Company, on the assumption the pulpwood harvesting area is awarded, is prepared to undertake the following:—

- (1) Continue immediately with all the further engineering, financial, and marketing planning that may be necessary;
- (2) Upon completion of such planning, to commence construction of the mill and have same in production before December 31, 1969;
- (3) Post a performance bond as required by the Minister to guarantee contract requirements;
- (4) Enter into formal contracts with logging and sawmill operators in the area for the supply of wood chips and logging of pulpwood stands.

In support of this proposal when making their submission, the Company read into the record a letter signed by six operators from the area. Also briefs were presented by (1) Corporation of the City of Fernie, and (2) Fernie Chamber of Commerce.

In addition to the above, the Interior Lumber Manufacturers Association supported the principle of issuing pulpwood harvesting areas, provided the basic lumbering economy in the areas affected be protected.

There were eight objections received to the proposal and counter-proposals, and these may be summarized as follows:—

- (1) There were three objections specifically against the inclusion of the Canoe Sustained-yield Unit in the proposal of Kicking Horse Forest Products. This was clarified by me at the hearing to the effect that in my decision on Pulpwood Harvesting Area No. 3, I designated the Canoe Public Sustained-yield Unit

as an open area and stated in the immediate future it would not be included in any pulpwood harvesting area.

- (2) An objection was received from Pacific Logging to the inclusion of the Creston Public Sustained-yield Unit on the grounds that it is geographically an integral part of the Kootenay Lake region, and that they are presently conducting studies in the region for a pulp-mill development.
- (3) Two objections were received against the location of a pulp-mill at Canal Flats because of possible air and stream pollution and its effect on the tourist industry.
- (4) Two miscellaneous objections were received—one from the Federation of Fish and Game Clubs, which was more in the form of a request that in granting any pulpwood harvesting areas the important outdoor recreation resources in the East Kootenay are seriously considered in the total resource development of the district; and the second was an objection to Crow's Nest Pass Coal Company being granted any allocation of timber on the grounds that the public domain has been generous with this Company in the granting of their present holdings in coal leases.

During the hearing directly following the proposal submitted by Canal Development Ltd., I stated quite plainly that the timber volumes available would be the limiting factor in arriving at a decision on the proposals presented and the area involved.

A firm commitment has been made to leave the Canoe Public Sustained-yield Unit open, and, therefore the area under consideration must be the Kinbasket, Windermere, Upper Kootenay, Cranbrook, Fernie, and Creston Public Sustained-yield Units.

Based on the best inventory data available, a comparison of the present quota commitments and an allowable annual cut calculated to a 7.1" d.b.h. close standard of utilization indicates there would be available approximately 51 million cubic feet annually. In dealing with any pulpwood harvesting area, first consideration must be given to the established sawlog industry in the area. In this regard, such an industry will undoubtedly improve its utilization standards, and there are sufficient examples right now that this is being done. It is necessary, therefore, to assign at least 30 per cent of the above-noted figure to the established sawlog industry in order to give credit by means of increased quotas for improved utilization standards.

This leaves approximately 35 million cubic feet available for a possible pulp-mill development in the East Kootenay, and this amount together with available chips from existing sawmill operations would only be sufficient for a pulp-mill with a daily rated capacity of 700 tons.

In using the above estimates, I am well aware that with new inventories and changing methods of harvesting, there is a possibility that in the future sufficient timber may become available for additional pulp-mill capacity. Economics may dictate that less of the wood volume should go into the manufacture of lumber and more into pulp. All of these are, however, projections into the future, and my decision in the matter must be made now and must be governed by the information available to me at this time.

A careful study of the situation indicates to me that I cannot accept the two counter-proposals submitted in that there is insufficient timber on a sustained-yield basis to support a pulp-mill with a rated capacity of 600 tons per day in the vicinity of Golden and a pulp-mill in the vicinity of Fernie with a rated capacity of 500 tons per day. A close analysis of the estimates submitted with these proposals indicates this is true particularly when considered in the light of, first, the Canoe Public Sustained-yield Unit is eliminated; second, there was an overlap in the case of the Upper Kootenay Public Sustained-yield Unit; and finally provision must be made for expansion by the established sawlog industry.

Turning now to the original proposal submitted by Canal Development Ltd., we find that there was an initial stage to be completed by 1967, then a carefully worded section that said that within five years after that date a start would be made to raise the capacity to 770 tons per day. Allowing three years for planning, construction, and bringing the added capacity into operation, this phase would be completed by 1975. The final stage to bring the capacity up to 1,155 tons per day was to commence five years after the completion of the intermediate stage, and this would bring us to 1983. I was quite forthright at the hearing in stating that in the public interest I was not prepared to allocate timber which might be used in 1983.

This policy has been well established as a result of previous hearings, and for this reason the proposal is not acceptable, and my only recourse is to move to the next step as provided under section 17A of the *Forest Act*, and that is subsection (3) (c) (i), which states:—

"Where there is more than one proposal, the Minister shall specify the terms and conditions that applicants for the utilization of the pulpwood shall comply with, and advertise and sell by public auction, on the basis of a bonus over and above stumpage rates, an option to purchase the pulpwood in whatever form and having whatever content he may prescribe."

I propose to designate two pulpwood harvesting areas; that is, Pulpwood Harvesting Area No. 8 consisting of the Fernie, Cranbrook, and Creston Public Sustained-yield Units, and Pulpwood Harvesting Area No. 9 consisting of the Kinbasket, Windermere, and Upper Kootenay Public Sustained-yield Units.

I further propose to advertise and sell by public auction on the basis of a bonus bid over and above the stumpage rates, which will be established from time to time for each purchase of timber, an option to purchase pulpwood up to 20 million cubic feet per year in the case of Pulpwood Harvesting Area No. 8 and up to 15 million cubic feet per year in the case of Pulpwood Harvesting Area No. 9.

The successful bidder or bidders will be required to enter into a pulpwood harvesting area agreement providing for the construction within a specified time and at a location approved by me of a pulp-mill with a daily rated capacity of at least 350 tons per day.

In the event the successful bidder acquires both pulpwood harvesting areas, consideration would be given to a single pulpwood harvesting area agreement for both areas requiring the construction of a pulp-mill with a daily rated capacity of 700 tons.

Bidding for these proposed agreements will be restricted to the three companies—namely, Canal Development Ltd., Kicking Horse Forest Products Limited, and Crow's Nest Pass Coal Company Limited—that submitted proposals and counter-proposals at the public hearing held in Cranbrook, January 15, 1965.

The allocation of the 20 million cubic feet and the 15 million cubic feet should enable the existing sawlog industry to share equitably in the production increases resulting from the demand for wood supplies created by pulp-mills or pulp-mill in the proposed Pulpwood Harvesting Areas No. 8 and No. 9.

The procedure in dealing further with these applications will be to allow the three above-mentioned Companies a period of 30 days in which to assess the findings of this report. After that, if any one of them indicates an interest in proceeding, then as soon as the necessary details can be worked out advertising will be initiated.
